DEPARTMENT OF DIGITAL AND CYBER FORENSIC

**Summary report for Short Term Training Program on Certified Computer Forensic Professional Basic.**

Cyber Forensic is an emerging field which encompasses computer forensic, network forensics, mobile forensics and cyber security. As our Institute provides Post Graduate Diploma in Digital and Cyber Forensic and Related Laws which is a one year full time program for the students and professionals. Moreover, there is a huge demand of specialized short term training program by the students. So our institute planned to initiate specialized short term training program in cyber forensic.

Moreover, this training program is to enrich the student by providing industrial knowledge in the field of Digital and Cyber Forensic.

This training program was organised in collaboration with M/s. Hexa Digital Forensic Corporation, Mumbai which is an independent computer forensics company that provides services in digital forensics and investigations, IT security audits, Intellectual Property Rights(IPR) and training in digital forensics and IT security.

Mr. Ramesh Oganias has covered Module 1 and module 3 and Adv. Arun Gaikwad and Adv. Vicky Shah covered Module 2 and Module 4
